ROCHESTER RIVER CLASSIC

Winners Mike Gifford and Gifford Lawrence, the team of "Giff and Giff", stroked to victory in the 53rd annual Rochester Boat Race on the Mattapoissett River (cover photo). This team led the contingent of 90 entrants from the start at Grandma Hartley's Pond to the finish at the Mattapoissett Herring Run. It was the third consecutive win on the river and brought home the James Hartley Memorial Trophy. The spectators, along the river banks and gathered at the finish, seemed to be the greatest number ever and they cheered the boats as they touched-in their race against time. The entrants, using homemade boats, most of them flat bottomed, found the river with plenty of water requiring few portages, so that it was a fast, hot run for most, the first boats coming in in just over 2 hours.

Placing second was the team of Peter MacGregor and Doug Church; third, Brett Sherman and Gary Stopka. Winners in other divisions were: Junior Boys, Jason Medeiros and Scott Gordon, first; Jamie Stewart and Matt Barratt, second; Douglas Viewace and Jason Smith,

MARION MEMORIAL DAY

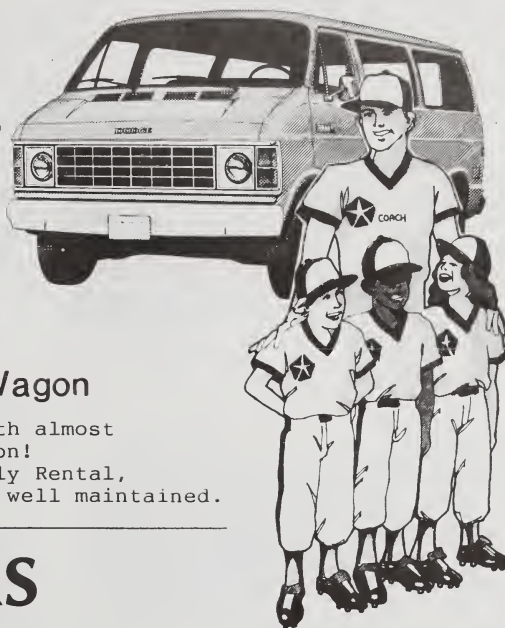

Benjamin Dexter steps out smartly as always to lead the parade in Marion to the programs at the cemeteries. Mr. Dexter, wearing the steel helmet of the World War I era, marched for his 68th year at age 91. The ceremony at the Veterans of Foreign Wars Memorial in progress, at top right, General Logan's orders and the Gettysburg Address were read and Scout Christopher Baroun placed the wreath at the foot of the monument. At right, below, Boy Scouts unfurl the flag as they prepare to march in the parade. DCJ photos

The Prayer was given by the Rev. Raymond Patch, pastor of the Mattapoisett Congregational Church. The program included "The Liberty Bell March" by Souza and "God Bless America" by Berlin, performed by the Old Rochester Regional High School Band; "Old Hammondtown March" and the "Star Spangled Banner" by the Old Hammondtown School Band, and the Gettysburg Address given by Jennifer Arruda, ORR student.

Chairman DeCosta introduced the guest speaker, Col. Donald M. Lavimoniere of New Bedford, who gave the address at the exercises at the Mattapoisett Public Library.

Col. Col. Lavimoniere said, "After visiting the grave of my father one day recently and attending a college graduation on another day, I realized there are two symbols that mean a great deal to us; they are the American flag and flowers.

"At the graduation I became painfully aware adults did not know the proper courtesy of showing respect to the flag. Overheard was a person saying, 'Are we supposed to salute, too?' The flag is founded on God and country and both should be shown respect.

"An example of lack of respect (disrespect is too strong a word) is sports, such as the Celtics or Red Sox before the games and the National Anthem is played. We see a lack of respect with gum chewing, scratching and lack of attention by the players. With the popularity of

these sports figures today, kids ask why can't we do the same thing?

"How do youngsters learn respect today? Is it only two or three times a year - Memorial Day, July 4th, and Veterans' Day when respect should be shown? Or is it only Veterans' organizations who should show this? If it is proper for Veterans' organizations, should they teach respect when the National Anthem is

played? The professionals working here today are working well and have prepared an excellent program by showing respect.

"We should also pause to remember the men who lost their lives on the USS Stark. Deaths of our servicemen will not stop if we expect to maintain peace. Do not let today's spirit here end here. Our respect for the dead does not end tonight - nor any

QUESTION: WHY SHOULD ATHLETES HAVE CHIROPRACTIC SPINAL MANIPULATION?

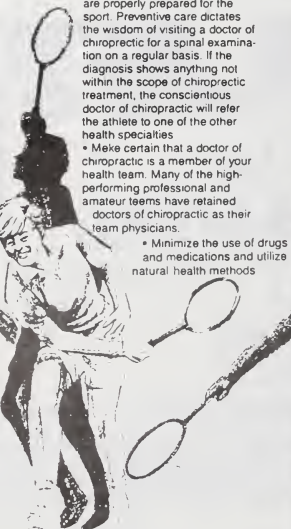

ANSWER: Because it can help their performance.

Many amateur and professional athletes are sidelined with injuries that could be avoided. Others sit it out on the bench because their injury just doesn't seem to respond to ordinary treatment. Still others are playing, but at less than their peak efficiency simply because their structural system is not in balance.

Progressive coaches and trainers are realizing that painkilling drugs are not the answer.

Drugs and medications merely cover up the symptom, deceive the player into actions which could make the injury more serious.

Probably more than any other health profession, chiropractic's approach to health closely relates to the needs of the sports participant. Most sports involve body contact, leverage, fast starts and stops, and positioning that places an unusual strain on the back and structural system. Doctors of chiropractic consider the human as an integrated being, giving special attention to spinal mechanics and neurological, muscular and vascular relationships. Chiropractic is a natural health care method that stresses the importance of keeping all the systems of the body functioning efficiently, so the player enjoys peak performance, a minimum injury risk and fast recuperative powers.

The exercises concluded with the playing of the Star Spangled Banner by the Old Hammondtown School Band.

Services were held at the monument adjacent to the library and the parade formed and marched to the wharf for an observance there and then to Cushing Cemetery for services before returning to Legion Hall for dismissal.

Miss Stepanaitis said she was "pretty upset" by what she claimed were false statements made by Mr. Haskell and Mr. Riley at a previous Selectmen's meeting on why she was not reappointed beach director for this summer. She said she had written letters to the editors to each of the three local newspapers on her position. "I was upset and tried to call Mr. Riley. I also tried to call Marilyn Lee who was on the Recreation Committee last year. Mrs. Lee told me the committee was trying to get someone from Mattapoisett. I then tried to call Frank O'Neill, another committee member, who said pretty much the same thing - that it wasn't my qualifications, but they wanted a local person."

Miss Stepanaitis continued, saying, "I thought I had done a good job. I had heard that I had. I feel these statements by Haskell and Riley are slandering my name." She did admit there was a mishap, or a better word would be a misunderstanding she said, that occurred on the beach last summer. "But it was all straightened out. I had asked Police Safety Officer Stan Ennis to be here as he said

he would back up the mishap's outcome. I feel the whole situation has been blown out of proportion."

The former beach director added that Mr. Haskell "told you (Selectmen) he contacted me both verbally and by letter that he would not recommend me. I talked to Mr. Haskell on the phone and he said they were going with someone from town. I honestly didn't get a letter saying I was not being recommended. On the evaluations that Haskell and Riley claimed I was late in turning in," Miss Stepanaitis said she was given less than a week's notice to furnish the evaluation, and "I worked long hours to get it in on time". She added that Mr. Haskell said he would give her a job recom-

It is only because of the excellent caliber of people that represent the Town of Mattapoisett, on the Board of Appeals, that allows me to 'retire' at this time. They should be commended for the dedication and fairness shown in a tough job. I am proud to have been their colleague and a part of Mattapoisett's future. I thank the Town for giving me this opportunity and urge every resident to get involved in some way. It is rewarding."

Selectman William F. Hubbard said, "I served eight or nine years on the Veterans' Committee with George, and I was personally helped by him. George had a lot of compassion for people, and I shall miss him."

Chairman DeCosta added, "There probably isn't a person now living here who hasn't been touched in some way by George White. If there was a person who couldn't find a place to live, he would find one for them. When I was growing up Mr. White was my Scout Master and he took us on camping trips. He will really be missed. He was Past Commander of the Florence Eastman Post 280 in Mattapoisett, a member of the Veterans of Foreign Wars Post 2425 in Marion, where he marched every year in the Marion parade. victions. He served as Selectman of Mattapoisett for 20 years, from 1948 to 1968, and was a strong voice on the Board. Older residents will recall that George was responsible for convincing the town to acquire the old railroad right of way which, later, gave Mattapoisett ownership of a route to Fairhaven for the sewer pipe as well as valuable beach (next to Camp Massasoit). In this effort, George White said, "Let's take the bull by the horns." If there is one single phrase that can sum up the man this is that one.

George was a lifelong resident of Mattapoisett. He loved the harbor and owned a fleet of 7 antique Herreshoff 12 $\frac{1}{2}$ s which he sailed and rented to those who enjoyed the old boats.

He graduated from Fairhaven High School, graduated from Boston College, Bentley College and Bridgewater State Teachers' College. His interest in education was lifelong. He taught business at what is now the Kinyon-Campbell School in New

Members and guests were treated to a nostalgic trip "Down Memory Lane" by way of a fascinating revue of fashions from the 1980s back to the turn of the century, presented by award winning costume designer Ann Marie of Acushnet. Ann Marie, well-known for her involvement with ORR's Dicken's Christmas Carol, Fiddler on the Roof, Zeiterion, SMU and many other presentations, orchestrated a dazzling array of beautifully coordinated outfits going back through every decade of the club's existence ..from today's "fitness" era, the protest years, depression days to the roaring twenties. Appropriate piano music accompanied all the presentations and glimpses of well-remembered fads and favorites were shown in songs, skits and dances. The delightful closing segment showed vintage clothes that might have been worn during our honored guest's childhood, the early 1900s, modeled by three scene-stealing youngsters, including Ann Marie's 14 month old granddaughter.

Following the captivating program, a truly sumptuous buffet, prepared

The Woman's Club will be selling chances on the quilt at Harbor Days July 18th and 19th. The winner will be drawn at our Christmas luncheon. The proceeds are used for charitable donations throughout the community.

Members of the club who have worked on the quilt are Fran Armitage, Mary Callan, Martha Cook, Madeline Grader, Lakshmi Chowdri, Lou Reade, Peg Reed, Olive Stickney, Marilyn Randall, Marion Watson and Leona Mansfield. It will be on display at various locations for all to admire.

Susan DeMichele is a resident of Cohasset and holds M.A. degrees from Boston University and the School of the Museum of Fine Arts in Boston. She has also been affiliated with the South Shore Art Center as teacher and exhibitor. She prefers working outside where "light, atmosphere, and colors of the coastline present infinite opportunities for covering (her) canvases". Her works have been exhibited in numerous galleries in the Boston and Cape Cod area as well as Kansas City, Kansas. Her oil paintings range from landscape to abstract.

Renee Rubin of Newton Center, MA, also works in watercolor and prefers working from nature. A graduate of Tufts University, Ms. Rubin always carries a notebook and visits marshes, beaches and dunes as often as possible. Her partitioned landscapes developed after a trip to Canada resulted in many small sketches which

School Committee, I write to encourage all voters to turn out for the upcoming special town elections to give financial support for your schools and your children.

Aside from the normal increases in the cost of living and such fixed costs as insurance and health items, the number of students in the district receiving education has increased from 1,017 in 1984 to 1,036 as of last October. Over the past several years, against all predictions, enrollment in the senior high school has gone from a low of 554 in 1982 to the current 634. The increase of 80 students is due to new families moving into the tri-town area, decreasing numbers of students attending private education, and students returning from vocational placements. In the junior high school the enrollment is 401.

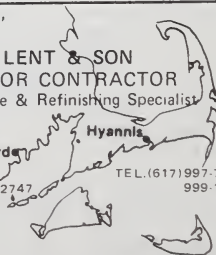

There is no escape from the fact that as the number of students goes up, the cost of their education goes up as well. The school committee continues to try and provide quality education for all our chil-

LETTER TO THE EDITOR

On behalf of the League of Women Voters of the Marion/Mattapoissett Area, we would like to urge the citizens of Marion to support our schools and public services by voting YES at the polls on Friday, June 5th.

Our school committee has done an excellent job of living within the restraints of Proposition 2½. However, the time has come for our community to use the tool of the override as it was originally intended. The override provides us with the opportunity to choose specific needs that our local community most requires. At this time we need additional revenues for our schools and public safety.

Please vote YES at the special election on June 5th.

YOU'RE NOT GOING TO BELIEVE !

No, you won't believe it, but we have the proof. Most camera owners love the effect of zoom lenses but, let's face it, totting them around is not part of the fun. When I bought my zoom(some years ago) it weighed a couple of pounds and it was just about 14" long. Well, as of this week, we can offer you TWO zooms, representing every focal length you'll ever want and the pair together aren't HALF THAT LONG.

SIGMA, one of the great names in lenses, has introduced their new 28-70 macro zoom and its mate, the 60-200. The 28-70 is exactly THREE INCHES LONG and the 60-200 is THREE AND A HALF INCHES LONG. They're sharp, they're light, they're the answer to every photographer's dream and they're priced right. Just \$169.00 each or, buy the pair for \$300.00!

At this writing, we don't have every mount in stock, but if you want one or both, we'll deliver within a week or 10 days. (Deposit required). These are, truly, the best we've ever seen. Summer's coming.....order yours NOW.
